CONSUMER PROTECTION PROGRAM

For the safety and welfare of everyone who attends and participates in our Fair, a new Consumer Protection Program will be implemented for the 2012 Fair. The following guidelines are important aspects of this program, but are subject to revision after further inspection from safety personnel.

- Under no circumstances is food allowed inside of any barn. The only food that should be in the barn is food for the animals.
- Drinks will be allowed in the livestock area and in the barns as long as there is a lid on the cup or plastic bottle (no glass).
- There will be parameters set for designated areas: Food, Animal, and Transition Areas. Please cooperate and obey all posted signs.
- At the conclusion of the show on Sunday, the Sperber arena will be closed to the public, exhibitors and all livestock. It will re-open on Tuesday morning after necessary preparations have been completed.
- Starting on Tuesday, the Sperber Arena will become a designated food area for potlucks (Tuesday-Thursday) and Auction Buyer's dinner on Saturday night.
- Under no circumstances is there to be any livestock, including small stock, in the Sperber Arena after the Sunday shows. If any animal is found to have entered this arena, the potlucks and auction barbecue will be jeopardized.
- The wash rack (in auction area) will be closed at 8:00 a.m. on the morning of the large livestock auction. It will reopen after the conclusion of all auction activities.
- There will be a designated eating area for Saturday's Farm Credit Auction Buyers luncheon.
- The west end of the sheep barns will be people exit only. Animals must only enter/exit from the east doors. The north and south doors will be open for air circulation, but are for emergency exit only.
- The small stock barn is in the transitional area, so all animals must exit from the front of the barn and go south around the 4-H sheep barn to enter the Sperber arena. The rear door is emergency exit only.
- Each barn will have posted cleaning instructions on the bulletin board.
- There will be only ONE area to dispose of soiled shavings and dirty water. Please use the disposal bunker and the designated water receptacle from 5:30 a.m. - 7:30 a.m. daily. Should you need access to this area outside of posted hours, contact the livestock office. This is a restricted area, limited only to those involved in the livestock program.
- Animals should not leave the designated livestock area. Please cooperate and obey all posted signs.
- Please be a good example for our fair guests who may not fully understand the need for these precautions. Working together we can help to secure our livestock program for future generations.
- Unfortunately due to the serious nature of this issue, consequences must be imposed for violating the Consumer Protection Program. As stated in Local Rule #21, "Due to safety concerns, exhibitors may not consume food or drink in designated areas as posted. Failure to comply will result in disciplinary action." Please review the Violation Consequences as listed.

Violation Consequences

It is recommended that the livestock leaders/advisors and volunteers work to remind all those involved in the livestock program the importance of following the Consumer Protection Program. If all involved in the livestock program can work together and give friendly reminders, it will not be considered a violation. However, if Fair personnel needs to address any of the programs or combination of the issues, the following consequences will result. Please help us get the information out and avoid any violations.

1st Offense: The exhibitor, parent, leader/advisor or member of the public that violates the Consumer Protection Program will receive a verbal warning and will sign that they have received a verbal warning.

2nd Offense: If the same person has to be reminded of the Consumer Protection Program a second time; they will receive a written warning.

3rd Offense: If the same person has to be reminded a third time the following action will be taken:

- (1) If it is an exhibitor, their animal will be disqualified.
- (2) If it is a parent, leader/advisor, or volunteer, they will be asked to leave the facility for the remainder of the fair.
- (3) If it is a member of the public, they will be asked to leave and not return to the fair that day.
- (4) If it is staff or contractor, they risk possible termination.
